

## **TST** **Termo smršťovací trubice**

### **TECHNICAL DATA SHEET**

**Adhesive Lined Dual Wall 4:1 ratio polyolefin heat shrink tubing.**

Large 4:1 shrink ratio, flexible, flame retardant, with inner liner of hot melt adhesive.  
UL approved. RoHS Compliant.

#### ***Typical Applications***

The heat shrink outer sleeving and hot melt adhesive lining is designed to insulate and seal electrical and mechanical products against water and moisture. Widely used in marine, automotive and various industrial applications. For electrical wiring and terminations, metal tubing and mechanical components. Extra large 4:1 shrinkage ratio for easy installation over irregular or large components.

#### ***Standard Colour: Black***

Other colours of this heat shrink are available to order, subject to minimum order quantities.

#### ***Technical Features***

Minimum shrinkage temperature	+80°C
Full recovery temperature	+120°C
Operating temperature	-45°C to +125°C
Shrinkage ratio	4:1
Tensile Strength	10.4Mpa min
Approval	UL 224 125°C VW-1 600V. RoHS Compliant.

#### ***Standard Packaging: 1.2M Lengths***

Customised cut lengths and packaging available on request.
